

CALIFORNIA SEXUAL ASSAULT INVESTIGATORS ASSOCIATION, SUMMER 2022

2022 CSAIA President, Karla Beler

President Elect, Gina D'Aquila

MESSAGE FROM THE PRESIDENT

It is my honor to serve as the 2022 CSAIA president!

I was CSAIA president in 2016. Six years seems a bit distant and seems like a much simpler time now that I am reflecting on the challenges of the past few years.

Many of us have suffered losses and hardship and, it amazes me the depth of determination and professionalism you continue to show despite the challenges you consistently face. I am thankful that we will continue to prevail, and I am excited for the future of CSAIA! CSAIA continues to provide training and support to those who seek justice for sexual assault victims. CSAIA training assists investigators in conducting fair and thorough investigations, which result in the successful prosecution of sexual assault and child abuse offenders.

We offered our first virtual conference in March 2021. CSAIA presented a hybrid conference in March 2022. Our goal is to continue virtual and hybrid training. We appreciate your support and communication as we navigate through the modifications and changes to our program.

We continue to support the growth of the CSAIA membership. Our focus is to provide current and relevant training to all working to investigate sexual assault crimes and provide support and resources to survivors.

Patrol officers, forensic specialists, child forensic interviewers, DNA analysts, crime analysts, medical providers, detectives, prosecutors, advocates, and experts are essential to finding the truth in investigations and ultimately serving our communities. We recognize the excellent work!

I am honored to work with amazing people on the CSAIA Board of Directors. I extend appreciation to the agencies which allow employees to volunteer to serve our organization. In addition to providing training events, we actively monitor proposed legislation and write letters to our elected officials to support our membership in the work it does. We are fortunate to have representation from the medical profession and law enforcement serving on the board. Thank you to the former and current CSAIA Board of Director volunteers for your work and dedication.

As law enforcement, health care, and other professions change, we encourage networking amongst individuals, agencies, and providers to facilitate sharing of expertise and knowledge in sexual assault investigations.

The CSAIA membership includes those new to investigating sexual assaults and people with many years of experience; hopefully, each group benefits from the training and network provided by CSAIA.

I have much respect and admiration for the work you do!

Stay safe and well!

Karla Beler

2023 CSAIA SPRING TRAINING

The 2023 Spring Training Conference will be March 7-10, 2023, at the Cliffs Resort and Spa in Pismo Beach, CA.

We are looking forward to seeing everyone at the 2023 Spring Training Conference, and we will be offering a hybrid conference! Check the CSAIA website in the future for details.

If you have any suggestions for future presenters, contact a Board Member at boardmember@csaia.org.

2022 CSAIA SPRING TRAINING AND WEBINAR

California Sexual Assault Investigators Association hosted our first hybrid training for 2022 Spring Training offering both in-person and virtual training. The in-person training was held at The Cliff's Resort and Spa in Pismo Beach, CA. The conference was a great platform to share knowledge and expertise in handling sexual assault investigations. Chad Norris assisted us with the online training portion for those who could not join us in Pismo Beach.

Additional courses are being developed!

Please let us know if you have a presentation idea!

For upcoming online events and in-person training, look for announcements and registration information at csaia.org. Case studies are frequently requested. If you have investigated an adjudicated case and would like to present for CSAIA, please let us know at csaia.org. We will consider it for future training.

Did you know? The CSAIA Board of Directors monitor pending legislation which may impact sexual assault investigations?

CSAIA Board of Directors submits letters supporting and opposing legislation.

AWARDS

The California Sexual Assault Investigators Association (CSAIA) began in 1979 as a nonprofit organization with a mission to set the standard for education and training for sexual assault law enforcement investigators. The association has continued to strengthen with the unity of Sexual Assault Response Teams (SART). The teams include Forensic Nurses, Advocates, District Attorneys, Probation, and Child Protective Services.

Each year during the CSAIA Annual Training Conference, CSAIA honors professionals for Outstanding Performance in sexual assault investigations, forensics, and legislation. Awards are considered based on nominations submitted to the CSAIA Board of Directors.

This year, the Board of Directors will be accepting nominations for the following awards for superior accomplishments and outstanding performance:

The Michiel Hyder Sustained Achievement Award
Sustained Achievement in Forensic Sciences Award
The Patrick Sullivan Outstanding Investigator of the Year Award
The Outstanding Agency of the Year Award
The Outstanding Legislator of the Year Award

Each award recipient and a guest are welcome to attend the awards ceremony during the 2023 CSAIA Annual Training Conference held at Pismo Beach, CA.

As members of the law enforcement community, we challenge you with the task of thinking about who has made an outstanding contribution, one who makes a considerable difference in the profession of law enforcement, specifically the investigation/prosecution of sexual assaults, and offer a nomination for a sustained accomplishment award. All of us flourish with validation and recognition. Please take the time to recognize someone, or an agency, that has made a difference in our profession. You may forward this information to a co-worker or supervisor that you feel may know a person, team, or agency to which recognition is due.

Nomination forms, guidelines, and award criteria are on the CSAIA website at www.csaia.org. Submit nominations to the Awards Chairperson. Please keep your peers in mind for 2023!

We welcome your nominations and thank you for your time and consideration of the professionals in our field of expertise.

CSAIA presented Lake County Detective Todd Dunia with the CSAIA Patrick Sullivan Investigator of the Year Award. Lake County Sheriff Brian Martin, Patrick Sullivan's daughter, Stephanie Sullivan, and retired CSAIA Board of Director Tim McFadden were among the distinguished guests for the ceremony. Thank you, Detective Dunia, for your work in seeking justice for many sexual assault victims throughout your career and for your tenacity in your investigations.

POST, BRN, STC, AND MCLE RECOGNIZE OUR TRAINING, AND YOU GET CREDIT FOR ATTENDING!

Most of the courses presented by the California Sexual Assault Investigators Association are POST Certified. For peace officers, this means you as an officer get POST Continuing Education Credit for class attendance!

The POST Administrative Manual (PAM) requires each student to sign in on the POST Course Roster with their POST ID number (not your social security number). *Students may not sign the Roster for another student.*

POST further requires the Course Presenter (in this case, CSAIA) to keep an attendance roster for every day of training, verifying each student's attendance. Within ten days of the end of the course, the CSAIA must submit the Course Roster to POST, documenting each student's total hours.

Per the PAM, students may miss up to 10% of the class for "valid reasons" (e.g., work-related callouts, court appearances, etc.) or other "extraordinary circumstances." POST may require the course presenter (CSAIA) to obtain supervisor verification for any time missed, or POST may contact the student's employer to verify the missed time meets these criteria.

CSAIA must poll students, and a test must also be completed and returned to the CSAIA for each participant for online courses.

Please be aware the CSAIA could lose its status as a POST Presenter if we do not ensure all regulations are met. We appreciate your cooperation and understanding!
